

WATER JEL

More than 20 years ago. WATER-JEL introduced water-based gel technology that revolutionized the emergency first aid treatment of burns. Today, WATER-JEL is used by EMS and industrial health and safety professionals around the world. WATER-JEL Burn Kits offer different combinations of Burn Dressings, Burn Wrap/Fire Blankets and Burn Jel® so you'll be prepared for any Burn Emergency.

The 'Immediate Cooling' of burns is recommended by most EMS protocols and curriculum. WATER-JEL burn care products utilize a thick water-based gel-proven to dissipate heat and cool burns, quickly relieve pain, help stop burns from progressing deeper into the skin and help prevent infection. WATER-JEL Dressings and Fire Blankets can be used on all burns.

The gel used in WATER-JEL Fire Blankets and Dressings is made from 96% water and is very slow to evaporate, so blankets and dressings remain moist and won't stick to burn injuries. They provide thermal (not evaporative) cooling of burns without the need for re-wetting so they're easy to use and won't get too cold or increase the risk of hypothermia - even on large extent burns. The gel also contains medically pure tea tree oil, a natural antibacterial.

WATER-JEL® FIRE BLANKETS

Gel-soaked Fire Blankets extinguish flames on a victim, put out smoldering clothes, relieve pain, cool the burn, and protect against airborne contamination. The gel is water soluble and can be easily rinsed off for further medical treatment. The blankets can also be used to put out fires and protect a rescuer from heat and flames. Available in 3 sizes: 36" x 30", 6 ft. x 5 ft., 8 ft. x 6 ft. in high visibility orange canisters or foil pouches, Wall mounting brackets also available. Medical Device contains no active ingredients.

WATER-JEL® STERILE BURN DRESSINGS

Gel-soaked Burn Dressings cool the burn, relieve the pain and protect against airborne contamination. They consist of a medical grade non-woven pad, in a water based, water-soluble gel, Won't stick to burn injury, Available in 6 sizes: 2" x 6", 4" x 4", 4" x 16", 8" x 18", 12" x 16", 8" x 20" facial dressing with pre-cut holes for eyes, nose and mouth.
